“HOMEBUILDING INDOORS” - A TRIP TO MOD-U-KRAF

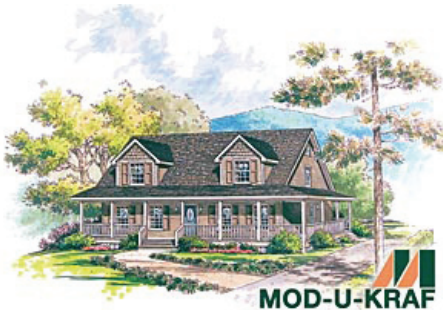

MAY 25th, 2010 @ 10:00AM

Diversity is a key component of Mod-U-Kraf Homes. Their homes are as diverse and unique as their homeowners. They build each home to meet the desires and goals of each individual. They build large luxurious homes, smaller affordable homes and everything in between. Mod-U-Kraf offers engineering expertise to accommodate accessible housing requirements to fit individual needs.

Their ‘Projects Division’ consists of multi-family housing and commercial buildings up to four stories. They use systems-built technology to engineer multi-family housing, residence halls, condomini-

ums, medical clinics, assisted living facilities, resorts, motels, and professional office buildings.

Their production facility and corporate offices are located in Rocky Mount. They market their homes in Virginia, West Virginia, Maryland, North and South Carolina, eastern Tennessee, eastern Kentucky, northern Georgia, and Delaware.

Join us for a tour of the plant and see the modular home building process first-hand. After the tour, we will have lunch at El Rodeo in the 900 Block of North Main Street (former home of Old Virginia Barbecue).

“HOMEBUILDING INDOORS” - A TRIP TO MOD-U-KRAF
